What We Offer

M&A

SLM Corporate has assisted a variety of companies with advice on their critical corporate transactions. We have advised in M&A, business sales, public listings, capital raisings as well as schemes of arrangement and takeover responses. Clients include ASX listed and privately owned companies.

Consulting

We have experience in Economic Assessments, Strategic and Financial Consulting, Remuneration Benchmarking and Expert Litigation Services. Our clients include ASX-listed and privately held entities, private individuals, indigenous organisations and government bodies.

Investments

We have an extensive network of sophisticated investors as well as the capacity to raise debt and equity capital for SMEs, microcaps and property-backed opportunities. We target investment opportunities that offer superior risk-adjusted returns over the medium term, with co-investment from our principals to ensure alignment of interests with our investors.

Valuations

We routinely value listed and private businesses, executive and director share options and performance rights, and we have undertaken Independent Expert Reports (“**IERs**”) in a variety of transactions. Our experience covers an array of sectors.
